Continuation of Substance of Interview including description of the general nature of what was discussed: I contacted Attorney Burr to discuss possible amendments to the currently amended claims to better define the claim over the prior art in an effort to place the application in condition for allowance. For example, it was suggested to amend the preamble of claim 1 to insert --inner surfaces of the-- before "upper and lower moieties" and to insert --outer surface-- after the recitation of "lower moiety" in line 13. Mr. Burr agreed to have these changes made to claim 1, as well as corresponding changes to claims 11 and 20, via the attached Examiner's Amendment.
